

## CSE 326b DATA STRUCTURES HOMEWORK 5

Due: **Friday, Feb. 22, 2008** at the beginning of class. Please put your quiz section (BA, BB) in addition to your name at the top of your homework

### **Problem 1. Making Hash out of Data**

This will give you a chance to get some practice with hash tables, which you will be using in the next project.

- Weiss, problem 5.1
- Weiss, problem 5.2 (Choose a new table size that is prime and roughly twice as large as the previous size.)
- Weiss, problem 5.4
- (extra credit) Weiss, problem 5.12
