

Peer Evaluation Form

CSE 373 Projects

December, 2008

Team (Last names of all members): _____

Project Title: _____

Featured graph algorithm(s), if not mentioned in the title: _____

Briefly describe the main functionality implemented or intended, as you understand it.
For example, which graph operations or application features were handled?

Demo was given using (check one): Visual applet on the web; Eclipse; Other (specify:)

Features.... Rate each one	Very much/well			very little/poorly		
Project functionality clearly defined:	5	4	3	2	1	N/A
Applet starts successfully:	5	4	3	2	1	N/A
Program accepts and responds to user input:	5	4	3	2	1	N/A
Graph is displayed clearly on screen:	5	4	3	2	1	N/A
The team explained how an algorithm works:	5	4	3	2	1	N/A
Highlighting was used to explain the algorithm:	5	4	3	2	1	N/A
Main target functionality has been achieved:	5	4	3	2	1	N/A
Both team members helped effectively in the demo:	5	4	3	2	1	N/A
I learned something new from this demo:	5	4	3	2	1	N/A

Specific strengths:

Specific weaknesses or areas for improvement:

Other comments:

Evaluated by (please print:) _____ (signed:) _____

Acknowledgement by project team: "I/we have read the above evaluation and I/we agree/disagree (circle one) with it."

Project team member 1 signature: _____

Project team member 2 signature: _____
