# Changes that Would Help

- Stagger help sessions: **hard to do with TA and room schedules. When is good?**
- Provide quicker feedback on assignments: **TAs are working on that**
- Ink hard to read: **Can't switch between devices, can press harder**
- Provide some optional assignments: **extra credits**
- Add help sessions to calendar beforehand: **working on**
- More feedback on assignments: **Will do with HW3**
- More examples: **adding**
- Check message board: **Changed my profile (and finished with 1403 graduate applicants).**
