Final exam

When: Wednesday, December 13, 2:30pm - 4:20pm

Where: Our regular classroom (MGH 231)

Format: Closed book

Material:

- Covers everything up to and including subdivision curves and surfaces, not including C^2 interpolating curves.
- I will ask about material covered in lecture; i.e., I *won't* ask about material covered in the book that isn't covered in lecture.
- Can use homeworks and summaries at end of lectures as a guide for what you should know.

Extra office hours:

- I'll hold final exam office hours on Tuesday, late afternoon. Drop in and ask questions.
- Exact time coming in email.

This sheet is posted off of the lectures page.
