Question:

(Optional) Please describe any difficulty you encountered during this task, or any other comments you have about the interface.

<i>Participant</i>	<i>Date</i>	<i>Response</i>
ID# 1394708	1/26/2007 1:33 AM	I wasn't sure if I added the "essentials" if that would automatically include the wallet and glasses or if I also had to check those boxes. Otherwise the activity was really easy to add.
ID# 1394710	1/26/2007 1:38 AM	When I went to the add new items page, and canceled out of it, it took me back to the calendar page, rather than the create activity page which disoriented me. I also wanted some way to visually confirm that my items had been added to my activity before I confirmed my activity. Perhaps by placing checked items into a different window.
